Dear Andrew,

I am sorry that you could not get along yesterday. Our cousins the Misses Spottiswoode of 9 Onslow Gardens S.W. 7 and also my Uncle were ~~there~~ and it was rather amusing looking at the old ancestors and picking them out from the pedigree which was one of the things that I also got.

Now this Pedigree is dated 1851 and I would rather like to have a supplementary one to bring it up to date. I have done what is an extremely rough draft copy of which I enclose to you and could you fill in any particulars that occur to you. I am sorry to bother you like this ~~but~~ as the exact details of your immediate family are probably just as important or not important to me as those of mine to you. This Pedigree business is ~~just~~ as perfect harmless a crank as philately or as zoology and if you were to ask me what I knew about blue

R. Andrew Spottiswoods Esq .

Mauritius or the breed of a Viper I should be very
pleased to tell you anything I know about it whether
I th ough you a nuisance or not. Anyhow I'd like
to get the thing as accurate as I can.

Yours sincerely,
