Dear Madam,

With reference to our letter of the 29th January last, we now enclose a schedule in duplicate, of the various deeds and documents etc. relating to the Ginsburg Trust. The items as detailed have been placed by us in a packet which we are holding at the joint disposal of yourself and your sister, Lady Mackinder. The signatures of both of you would normally be required for its withdrawal or to any authority to deal with the contents, but we enclose a form of request for us to accept the signature of either of you at any time should you prefer the packet to be held in such a manner.

~~The duplicate copy of the contents of the~~
envelope is for Lady Mackinder in case she wishes to file this away with her papers for purposes of reference.

We think this finally disposes of the last outstanding item in connection with your Mother's affairs.

Yours faithfully,

E. Morris Hall

Manager.
